

BeSmile Agronomy

Agronomy is the science and technology of producing and using plants in agriculture for food, recreation and land restoration.

BeSmile Agronomy acts as the Mediator between the Farmer and the Retailer. It helps in collecting the crops from the farmers and sell to the retailers for the best price.

Benefits of Farmers:

- Free Registration.
- There is no need of going to market yard and selling the crop to the vendors.
- They will get a good cash when compared to selling to the vendors.
- Their will be no transport charges also.
- They will get the better recognition and have the good knowledge about Business.
- There is no scope of loss.

Benefits of Retailers:

- Free Registration.
- Retailers gets the best organic farm/crop.
- Retailers can also get the best price by selling the crop.
- Retailers can easily sell the crop because the crop is hygienic and fresh.
- Buying directly from these farmers benefits both the farmers and retailers.
- There is no scope of loss.

Benefits of Agents:

- 1% Equal Commission from the Both Sides.
